It's been a long semester. The first semester always is. But as we move towards the end of this first chapter of the school year, we can reflect on our proud accomplishments and look forward to what the future holds. In this issue, we look back on the March to the Polls and an exciting soccer season. We also give a glimpse of the coming winter season in sports and choir. Lastly, we give thanks to some of the staff that are an integral and sometimes underappreciated part of this building. We hope that this issue provides you with an excuse to take a break from the grind, relax and enjoy yourself.

Happy reading,

Chloe Cope
