

Voice Over For Grilled Cheese

Among the many facets that make Rampart unique is a weekly tradition that a large portion of Rampart's upperclassmen enjoy. Grilled Cheese Thursday is an event held by the local church where students receive two grilled cheese sandwiches, fruti, chips and salsa, cookies, and drinks, all for one dollar.

Dedicated to doing good and positively impacting the community, those who run the event work hard to create a welcoming environment for all to enjoy.

In a recent survey conducted by the leaders of the event, over 70% of the surveyed students described Grilled Cheese Thursday as being warm, comfortable, and friendly.

The tradition promotes a culture of positive engagement through the generosity of the Grilled Cheese staff and community in combination with the enthusiastic response and gratitude from the students.

As students of Rampart High School, we get to enjoy countless privileges that many people work hard to provide for us, including Grilled Cheese Thursday. The tradition teaches us the importance of giving back to the community and being appreciative of all the chances we get to relax and enjoy the little things, like sitting down with a few friends and a couple grilled cheese sandwiches.
