A Fresh Start

Starting off the new year, the Freshmen First Day held events such as team building activities and getting to know their Alpha upperclassmen while experiencing their first adventure of high school. Many of the freshmen felt afraid and small compared to the upperclassmen. The Alphas helped make the first day more fun with a walk through high fiving teachers and popsicles at lunch. This allowed the Freshmen to get their first taste of VR life in a welcoming environment.
