## overheard IN YEARBOOK CLASS

"We can control-Z our way out of this, right?"  
"Ellie says we can lay on the floor whenever we want."  
"ANDREW!"  
"That's SO cool!"  
"Don't break my Taylor Swift candle!"  
"You don't believe in fairies... did you watch Tinkerbell?!"

## A THANK YOU...

A thank you...from Editor-in-Chief Eleanor Guanella.  
To everyone who contributed to this yearbook in any way: you made this all possible, and I can't thank you enough.  
To Barbara Olsen in the main office, Staci Sena and Julie Robbins in counseling, the entire office staff and all of the custodians: you have been very helpful to me and the entire staff and we are very grateful.  
To Oliver Stagliano, student teacher and ace proofreader, for the time you've spent in the yearbook room and with Ms. Katzive. You have been a tremendous help.  
To the faculty of Monarch for being willing to work with me and the staff, to the LA department for being amazing proofreaders and always being supportive, and to the library staff for the countless little things you have helped this year.  
To Elizabeth Danekind for the absolutely amazing photos you donate to this book, and to the rest of the photography helpers, including students Ruby Cervantes, Evan Wilson, and Lincoln Roch and our parent donors. Your photos made this book even better.  
To the student aides and volunteers including Samantha Goen, Samantha Sarmiento, Evan Alexander, Amelia Kennie, Cameron Cates, Caitlin Jentz, Natalie Guanella, Melanie Roberts, and Mikayla Puska. Thank you for all the help, support, and love.  
To the wonderful people at the Walsworth plant and Mike Taylor. Thank you for being so supportive and understanding through this journey.  
To my brother Henry for letting me borrow his Fortnite stickers.  
And finally, to every Monarch student. This book is for you, thank you for providing such amazing stories for us to cover.  
Love, Ellie Guanella

## WHAT IS YOU KNOW YOU LOVE YOU LOVE IT?

"You know you love it" is a theme all about the little things throughout the course of a 365 day cycle. Those things might be positive, making our day one to enjoy. Sometimes however, those things might be negative, completely ruining a perfectly fantastic day. But, at the end of it all, you just know that there's something about it that makes it all worthwhile. You know you love it, through all the positives, through all the negatives, all the highs and lows. It's part of being a high schooler, and an even bigger part of being human.
