

In the Spotlight...

Seven groups participated in TCA's Got Talent which was held in a special assembly at the beginning of TCA Gives week. At the end of the show and throughout the week, students could purchase tickets to vote for their favorite show. Proceeds from the ticket sales along with other fundraising initiatives went to help children at the local Children's Hospital. Ranging from sophomores to seniors, the performers showed their abilities and talents during the assembly. How did you contribute to the talent show?

●●● "I did it because I thought it would be a good opportunity to have some fun my senior year." Namoe Webb (12)
