

# EYES ON THE PRIZE

# F O T B A L L

Alamosa High School's **PRIDE** and **JOY** during the fall season is the football team. Throwing the school in a spiral throughout their regular season. This year the team focused on a **NEW CULTURE** through their **FOUR PILLARS** for success: **FAMILY, COMMITMENT, DEDICATION** and **TOUGHNESS**. The nine coaches became strict this season to make sure the boys had their heads in the game at all times. Starting their season with a new mind-set the team was destined for greatness. The boys of fall took on the 2018 season with **CLEAR EYES** and **FULL HEARTS**. With a regular season record of 4-5, the team would continue and advance to playoffs. 47 of the players traveled to playoffs with the goal of defeating Resurrection Christian. Falling a few yards short of this goal, the team had now ended their season, however; it did not stop there. The **BROTHERHOOD** continued and will live on forever. With the team consisting of **11 SENIORS** the rest of the team struggled with the loss of their brothers, but still looked to carry on the **TRADITION** that has been set in place by those before them. This year, the coaches, as well as the rest of the team, created something that would last forever. The memories and special moments from this season will never fade, staying in the boys' hearts forever. This team hasn't only grown as **MEN OF CHARACTER** but have shown the community that they are ready for the struggles of life and are ready to take it on with a full head of steam. **FAILURE'S NOT AN OPTION** for this group of men, they all expect to do big things and go on with their lives and be successful. As for next year the young men they expect to have a great 2019 season with a bond that cannot be broke.

*Failure's Not an Option*
