

MORE THAN

A DREAM CAR IS MORE THAN JUST GOOD LOOKS, BEHIND EVERY CAR IS A STORY.

Being able to own and drive a car that's your own is an amazing feeling. You gain a large sense of individuality and independence from getting a car. The satisfaction of saving up enough money to be able to get a car that you've envisioned all along is amazing. And when you're done you get to enjoy the car.

Senior **Christian Reategui** spent around \$55,000 on his car which he has been saving up for 5 years. When he first got the car he got it in a marine green which later turned into a black with red stripes. He has done a lot to his car including adding a black and red wrap, fully redone interior, added cool air intake, and got a new suspension. He's always been in love with cars "I got into cars when I was little and I helped my dad fix up old muscle cars," Reategui said.

JUST A RIDE

2002 SUBARU WRX

320 HORSEPOWER  TOP SPEED 145 MPH

Ever since senior **Ricardo Rico Arzaga** was a little boy he would switch back and forth between helping his dad fix cars and playing soccer. As he grew older, soccer became less interesting while cars became more relevant in his life. His recent project was his 2002 Subaru WRX which he got early June of 2017, a year after he got his first WRX. Ever since then, he has spent hours in improving his car in every way possible. Overall he spent around \$6,000 in buying everything for his car and spent \$2,000 for the car alone. Racking in a total of \$8,000, Rico still believes it still needs some work. "In the time I've had the car, I've gotten really close to how I envisioned it, but I don't think I will ever have a finished product," said Rico.

"I want a 1985 Porsche 911 because it's old and smooth like me."

Mr. Zebulon Carabello

"I want a 2018 Ford Raptor because it's fast and it's a big cool truck."

Urbano Marquez, 11th

"I don't want a dream car I want a 2016 Chevy Silverado because it's dope."
