

BAND

We Are

Chord- When two or more notes or pitches are sounded simultaneously a chord is created.

Conducting success- AHS Band gathers for their holiday concert as Dr. Garbrich conducts the students to perform a lovely song.

Measure-A specific number of musical sounds that are organized within a measure, and that are contained within two solid lines called bar lines.

Dr. Garbrich stands before the students while preparing to conduct their concert.

Some of the eighth grade students are very talented and are invited to play at the high schooler's concert.

We are Band

The band kids may be quiet in class, but in band class that is another story. At their concerts they are **LOUD** and they are **PROUD**. When someone starts singing everyone else joins in. The year was full of playing music and having fun. All of the band kids are each **UNIQUE**. The instruments go from flute's to drum's to tuba's. These students may not seem like much but they can play instruments better than some adults. These kids may be stuck in the background but they will make sure you notice them. The band plays an array of songs. They can play anywhere from pop songs to classical music songs. They play in the Alamosa marching band at the parades. These kids will grow up to be the next Mozart or Beethoven. These kids may be playing in the Trans-Siberian Orchestra one day. Watch out AHS these kids will rule the music world one day.

AHS Music

We are Choir

Choir at AHS is an amazing group of **TALENTED** young people. There are 38 students in choir. They practice for weeks on end and it all pays off when they perform at a concert. Ms. Waller is a wonderful teacher and she will do anything for the students. The kids are **SUPER ACTIVE** around Christmas time. They go caroling at The Bridge and at the banks. Their year was full of concerts and competitions. They compete in many competitions every year. And they are very excited for the big competition at the end of the year. The day of every concert they "dress up" in their choir shirts. After school the choir kids go home and all get in their dresses and tux's. These young people look very nice and sound even better. The audience is very amused at every concert. The seniors will be missed dearly but they are all looking forward to what the new school year will bring.

Accapella- One or more singers performing without instrumental accompaniment

Sing a New Song- The AHS Choir is performing at their Fall Concert. The soprano section is on the left being led by Ms. Waller.

Major Scale: A diatonic scale with notes separated by whole tones except for the 3rd, 4th, 7th and 8th
