

Winter Spirit Week

Q&A with senior StuCo Member Katie Gillman

December

Q: Why was Winter Spirit Week created?

“We wanted to bring together the community and make it more fun right before the holidays and we all go on break, and also just mainly to help everyone have a relaxing week right before finals. We’re all stressed and we’re all ready for this to be over. This is kind of like our last time to have some fun together and relax before the insanity that is finals week.”

Q: What events happened during Winter Spirit Week?

“There were spirit days every day such as a pajama day, a crazy socks day and an ugly sweater day. A therapy dog organization called ‘Caring Canines’ brought dogs in that students were able to sign up to pet, which is pretty great, and then there’s Cocoa and Cram that night. During common lunch on Thursday students could take photos with ‘Clyde Claus.’”
