SENIORS

**Perfect Pass** - Junior Lora Ortega works to get a pass to her setters during the JV game against Bayfield. She helped the team to beat the Wolverines at home and in Bayfield.

During her 3rd year at Alamosa High School as the head coach of the Mean Moose, Annie Rice lead the team through another successful season. After last years season, she was excited for the 2019 season and what it entailed for the team. She explained that "we went as far as we could, and we did that by working hard everyday. Making it to the final four of the state tournament was a huge success." The team finished the year as the Intermountain League Champions and a strong team dynamic helped to accomplish that. Coach Rice believed that the team set the standards high for the entire program and the girls throughout the program rose to those standards and accepted their roles well.
