

really helps me to do more hands on activities,"

This active learning method of teaching

helped to cultivate a love for history for many

students. Skylar Rath, 07, found an interest in

"When I travel in the future, having this

background information will be really helpful,"

Not only were social studies skills useful, but

the course also dealt with the complex world of

mathematics. For Joshua Perez, 07, math is vital

determine prices, supply, and demand, which is

"In entrepreneurship, math is used to

a very important skill to have," Perez said.

1. PREPARING FOR INTERNATIONAL TOWNE, Alyah Jargon and Gregory Stoessel, 07, undergo intense training on global interdependence for the field trip. Stoessel and Jargon learned about currency exchange through an economics activity. These skills were vital not only the field trin, but for life. "I plan to visit other countries one day, so I can utilize these skills when I travel internationally," Stoessel said. photo by I. wilson 2. IN THE MEDIA CENTER, Benjamen Spielmann and Violet Larson, 07. identify ancient artifacts and determine whether they are a primary or secondary source. In this activity, 7th grade social studies students examined different cultures from various time periods. "This is an important skill to know so you don't gather false information." Larson said photo by k. dail 3. ON VETERANS' DAY, 6th grade students gather in the Media Center to listen to former Air Force Pilot Vorry Moon discuss his experiences serving in the United States military. Students like Ariel Krivocheev 06 were interested in his story Krivocheev spent the day learning about veterans "Soldiers like Vorry Moon would do things like shoot rockets and fly planes, which was really interesting to learn about," Krivocheev said. photo hv c. kalkofen

INTRIGUED, Emmett Bland, 06, absorbs information in 6th grade social studies. Ithough Bland loved history, he was fascinated by geography. Bland maintained that geography is a crucial life skill. "Learning about geography gives me a chance to nderstand what the world is like around us," Bland said. photo by m. ratcliff

TAKING AN ACTIVE LEARNING **APPROACH TO EDUCATION**, 7th grade

social studies was more hands on than students expected. With the ultimate goal of building financial literacy and historical awareness among students, Ms. Jenna Keirns and Ms. Lisa Calkins, social studies, incorporated simulations and hands-on activities into lessons.

"Seventh grade social studies is all about understanding and connecting with people in other cultures," Keirns said.

Learning in an innovative way enhanced the information and made it more tangible for students. Owen Persichetti, 07, valued the active learning activities in social studies.

"I'm a hands-on and visual learner, so it
