

Performing At Legacy Stadium At a Sept. varsity football game, varsity Poms dancer Emarie Rodriguez (12) pumps up the crowd. “There are a lot of memories I have made throughout high school that will never be forgotten. When I think about these times, I know I will always remember CT and the amazing four years I have had here,” Rodriguez said. Legacy Stadium was a notable location for many students and their families.

Cheering from the sidelines at Legacy Stadium, demonstrating splints in Mrs. Nance’s training room, revealing the Homecoming theme in the Commons, **this was our place.**

We walked the halls stopping to spill the latest tea, talking about the Wish Week party and senior night games., **this was a place we will all remember.**

Everyone had a place to call their own; Legacy Stadium, practice rooms, the stage, Commons, the newsroom, and sometimes our cars. **we were brought together under one roof.**

We were here filming TikToks, posing for photos, sneaking Chick-fil-A, and living our best lives. Even to counting down the final seconds of the last day of school, we will never forget the corner of Smoky Hill and Arapahoe.
