1. Sofia Funk, 07, shouts into a microphone during a science activity. The science class was demonstrating prey and predator nature during a sharks and minnows game. "I shouted into the megaphone to motivate the class to go faster," Funk said.

In the risers at the Eagle Scream rally, Sophia Thompson, 08, yells out in excitement as her team flag marches into the gym. Torreys Peak ended in 2nd place for 8th grade teams in the rally competition. "I was excited for my team and Eagle Scream is always super loud and energetic so I joined in," said Thompson. photo by W. Beller

Sierra isn't just the name of an old building.

It's an experience.

On September 6, Noah Blom, 08, walks into the Eagle Scream pep rally holding Challenger Point's team flag. Blom has been working with a group of students for weeks on the team flag. "The Eagle Scream rally was very exciting and fun. Our team costumes were creative and innovated for our 60's theme," Blom said. *photo by M. O'Kelley*

"My teachers make learning fun and my math teacher especially pushes our class to do the best and the most we can. Learning seems more fun and is very important this year."

-Derek Lewis, 08

In a Rio Grande science lab, Nathan Duchesne, 07, looks at a bacteria and cancer sample through a microscope. The microscope lab is one of the first labs seventh graders do and the first attempt at the scientific method. "Learning about cells and cancer was really cool and important. I wanted to learn how we could help people with cancer," Duchesne said. *photo by M. Brown*
