ASK the EXPERT

How would you describe your style? Why is your style unique to you? What made you pick that style? Where did you get each part of your outfit from?

"Ok, honestly I have no idea what my clothing aesthetic is. I would say my style is unique because I wear whatever I want to, and I don't really care what anyone thinks about it. I got the pants off of Amazon for around \$25, and the top I got from Pacsun for like \$20. I chose this style over others because I feel it suits my personality better."

How would you describe your style and how is it unique? Where did you get each part of your outfit?

"My style is a mix between indie and a twist of my own. I would say my style is unique because it is extra. I get most of my ideas off of the app Pinterest. I got my jeans for around 70\$ at Aeropostale, I don't know how much my MTV shirt was but I also got it from there."

What makes your style so unique and where did you get each part of your outfit from?

"I love dressing up when I come in for work, mainly because of how it puts me in the right mindset to teach. When you look the part, you feel the part too. I once had someone that I worked with that told me I was the only person that they know that could pull off Vans and a bow tie at the same time. The Vans came from the Vans store, the bow-tie came from Men's Warehouse, and the rest of the outfit came from Kohls."

How would you describe your style and how is it unique? Where did you get each part of your outfit?

I would say my style is pretty much just random. I would say my style is unique because I actually wear matching clothes. I found my style by looking at random people on tik tok and seeing there matching styles and brands. I got most of this outfit from H&M and Amazon."

How would you describe your style? What is your inspiration? Where did you get each part of your outfit from?

My style is unique because I like to make accessories I can wear. Sometimes I create whole outfit just to match a necklace. I get my ideas from Pinterest and Tik Tok. I see lots of people on my fyp with amazing outfits and it just kept growing on me until I started to buy some of them. My shirt and pants are from Shein, my belt is from Amazon and my necklace is from Forever 21!

Rings

"I like to wear rings because each ring has a different purpose or meaning to me and I like to have fun with what I wear. Because being basic is boring!"

Emily Muhlhauser, 08

Bracelets

"This bracelet is made out of sea glass and it reminds me of my family because we get sea glass every time we go to the beach."

Abby Valverde, 08

Glasses

"I don't really like wearing them because they fog up when I breathe because of the mask, but I have to wear them because of my bad eye sight."
