

Lemme See Some Spirit

Teachers were nominated by one another about who has the most school spirit.

"I think school spirit is such a huge part of a school and its strength, so I'm always happy to be the champion of that spirit." Ms. Hansen-Vigil said.

Teachers reflect on their role at school and their favorite aspect of Eaglecrest.

"Being an EHS teacher with school spirit means that my students are my kids, and I'll move mountains to be there for them and support them." Ms. Wells said.

The school spirit teachers have is greatly influenced by the people around them. Teachers nominated one another on who they felt most embodied the Raptor Way.

"I still smile when I think of their words, and am motivated to keep rallying school spirit around me." Ms. Schlager-Jensen said.

As amazing as our student section can be, it's crucial to celebrate the spirit and support we receive from every single one of our teachers.
