Jumping into action

Natalie Chapman (7) performs at her finest as a competitive dancer. Chapman was recently moved up to an even higher level. "I dance because it gives me the opportunity to be creative and perform and compete in professional settings," Chapman said.

Courtesy of Olivia Dunn

Olivia Dunn (7) does All-Star competitive cheer and works out 4 days a week for 3 hours. She met so many new people while cheering. "We have a big competition in Dallas called NCA, it is a huge deal if you place first. I love cheer because I have met so many new people and have gained newfound confidence from this sport," Dunn said.

Courtesy of Rory Geis

Rory Geis (7) plays for REAL on 08 White. Geis enjoyed the sport for many reasons including how she feels while playing. "I really like soccer because of the way it makes me feel. When I play I just forget about everything else, and it makes me feel in control," Geis said.

Courtesy of Kelty Clay

Kelty Clay (7) Clay prioritises being the best he can. Clay loves the sport because it is so different and unique compared to others. "I chose to do gymnastics because you got to do so much that you really couldn't do in other sports like tumbling. You get to meet amazing people such as Olympians and you get stronger and take care of your body," Clay said.
