"I believe every day is a chance to get better. You have to challenge yourself in life or you won't get better. Hard work will get you where you want to be whether in the classroom, on the field, on the court, or in life."
AVA BUDLER, 07

"I believe that everyone should be treated equally. This means treating others with the same kindness and respect as you would with anyone."
ASHLYN SCHOTT, 06

"I believe that with every great challenge comes even greater opportunity. Our reality and mindset is what we make it. Our ability to adapt and overcome is unmatched. We truly are powerful human beings!"
STEVE WOLF, PRINCIPAL

"I believe that laughter is the best form of medicine. Whenever my friends are upset or having a bad day, I try to make them laugh, hopefully lifting their spirits."
BETHANY BRADLEY, 08
