

YOU MIGHT THINK **WE'D** break under the pressure of a pandemic, with changing schedules and multiple quarantines. **YOU'D** be wrong. **WE** attend school in cohorts and transitioned from a hybrid schedule to remote in November like pros. **YOU** might think a year of no clubs and postponed sports gets us down. No way. **WE** are **BETTER FOR IT**, participating in club sports and competing in lacrosse, baseball and football championships. **YOU** might think our friendships grew distant wearing masks 24/7, attending in-person school only twice a week and socially distancing. **YOU'D** be wrong. **WE** are **BETTER TOGETHER**, forming stronger bonds with our friends, family and pets. **YOU** see, **WE BELIEVE** it's always a great day to be a Puma. **WE DO**. And **YOU** should too.
