**OU MIGHT THINK** this year will go down in the history books as the worst ever. **YOU'D** be wrong. WE might not have been able to participate in school-wide assemblies or dances, but we still enjoyed a piggyback ride from a friend, like Korinne Culp, 08. WE relied on our Sources of Strength more than ever before. **YOU** might think that missing out on musical performances wrecked us. Not a chance. **WE** came back to full in-person on March 16th, played 1st Chair in Orchestra and welcomed the traffic jams in the 8th grade science wing. **YOU** might think we missed out on the "normal" middle school journey, but we maintained our stride just like Gabrielle Roche, 08, in the 20 minute run. WE'VE got news for you, WE were **BETTER FOR IT. WE** made the most of each day and soared like Natalee Gunnell, 08. It might not have been easy, but in the end, WE were **BETTER TOGETHER**. No matter what YOU might think, YOU'D BETTER BELIEVE it's always a great day to be a Puma. WE DO. And YOU should too.

I BELIEVE IN FREEDOM AND THE ABILITY TO MAKE MY OWN CHOICES." **VIOLET JOHNSON, 08**
