Sophomore **Brooklynn Mininger**, a rising star on the swim team, said, "Swim has impacted my life in so many ways. It has given me some of my most valued friendships and has made me stronger in several ways." Mininger also said she has always loved the sport but does not plan on going for a scholarship.

Junior **Jillian Carlson**, who is very passionate about swim, said, "I've always loved swimming and high school was a great opportunity to compete and spend time with friends. It's shaped me into who I am due to hard work and dedication." Carlson placed first at State last year in the 100 breast and hopes for a swim scholarship.

Sophomore **Madyson Hannegreffs** talked about the difficult season due to the pandemic. "Covid 19 made swim different this year because swim session is usually short and this year is even shorter. We won't have a lot of meets to go to and it will be harder to make a State time because we have limited meets."
