TEAMWORK MAKES THE SCREEN WORK On a breezy fall day, Lincoln Roch (12) and Sophia Miranda (12) glance off camera before Cameron Parker (12) prepares to film a segment for the weekly broadcast show KYOT. The student-run news broadcast aired on Instagram and Youtube, a product that the school community could always look forward to at the end of the week. "The best part of KYOT is just the ability to be creative," Parker said. "It's stressful, but it's exciting and fast. It's a really special class."

TURKEY in disguise

Can you spot the hiding bird?

Room A208, or "The Hub" as it's known to journalism students, has some, shall we say, unique wall art—Mr. Anderson's face, a Bob Ross poster, a Jojo Siwa poster with the eyes blacked out.

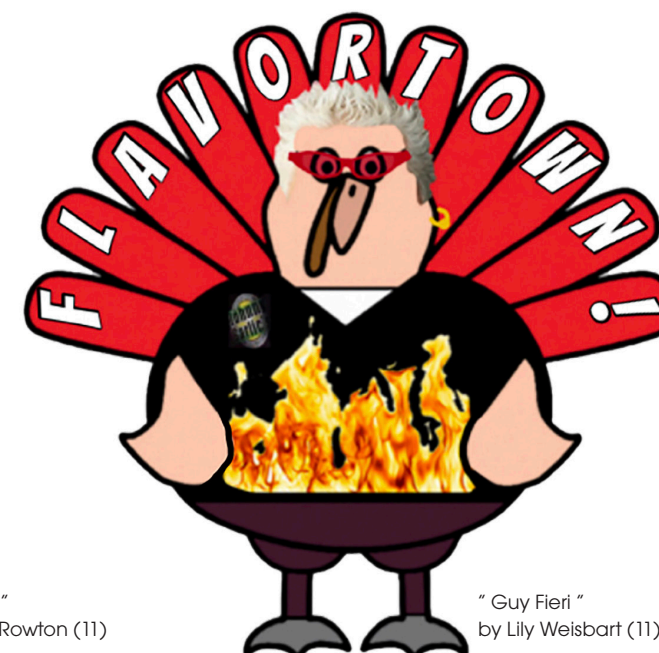

Every year, one of the walls is decorated for a coloring contest where students disguise a turkey so he won't be eaten on Thanksgiving. This year, of course, the competition was virtual, but here are the winning entries.
