"Will said he would give me \$5 if I did Mr. Grandview and so that's why I did it," **Luke Williams (12)**, the winner of Mr. Grandview 2021, said. It first started off as a joke, and Luke didn't realize the commitment it would take to be part of this program, but in the end it was all worth it.

"In the first rehearsal I was thrown right into the fire because they were already done learning the dance and I had to jump right in and try to learn it so the rehearsal was pretty chaotic," Williams said. Luke was not the only busy one with Mr. Grandview practices but also with varsity soccer practices. Unaware of the pressure that this would bring, Luke had to memorize the choreography and find help from his fellow team mate and Mr. Grandview contestant.

"**Charlie [Lucero]** as well because we're teammates in soccer and we both have similar experiences of missing the same amount of rehearsals and kind of getting thrown in and not knowing what to do so we had a great time together," Luke said. By Luke missing some rehearsals he had to lean on his fellow consistent for help.
