lazy days of SUMMER

Sometimes the best memories happen right at home.

PUPPY LOVE. Amilya Pollard (7) hold her pet pitbull's new puppies.

"My favorite part of having the puppies was probably getting to see them run around and just how cute they were. There were 13 in all, but five passed, and we kept two out of the eight," Pollard said. "We named most of them after what they looked like. For example, we named one Batman because he had what looked like a Batman symbol on his behind." **LONG ROAD HOME.**

Henry Cox (7) bikes one of his many summer routes. "I usually go about 25 miles in 2 hours. I've always liked riding because it gives me a reason to be away from my sibling. I started when I was very young. When I was little I picked up a biking magazine and started showing interest in riding bikes," Cox said.

colorado HOT SPOTS

You don't have to leave the state for a great vacation. These students make a case for their favorite home state getaway.

GLENWOOD SPRINGS. On a family trip, Grace Schillie (6) and her siblings relax in one of the hot spring pools in Glenwood Springs, CO. A fan of the area, Schillie said, "It's very private and relaxing. You can play in the hot springs and enjoy your family. There is a lot to do. You can waterski on the lake and fish, and there are rivers and great hiking."

ASPEN. Rylee Devitt (6) hikes a trail near Aspen, CO with her younger brother. Best known around the country for its skiing, Aspen is also a great summer getaway. "It's really pretty up there with lots of cool shops," Devitt said. "The hiking is great, and it's a little cooler, so it's nice to get away from the heat."
