SOPHOMORE PLAYS LEAD ROLE IN FALL PRODUCTION.

I'm so happy we did an actual show this time. [Last year's show] wasn't as much of the story telling, which I think people missed out on. Getting to do that story telling and progression of characters in the show I really enjoyed a lot. I'm not myself when I'm on stage, I'm someone completely different. I take on being that person the entire night and I don't let myself break out of that character. It really helps me feel like I'm actually in it."

PROS

"Since I am a student athlete, I am even more motivated to be a better student in school so I can play soccer in any college I desire and met the academic standards," Ashley Moody '24 said.

CONS

"The only issue about being a student athlete is I never have time to go to school events, because my number one dedication is soccer," Moody said.

SOFTBALL PLAYER ENJOYS BEING ABLE TO PLAY A NORMAL SEASON. "It is so fun to be out there with everyone. Last year was a bit rough because of [COVID-19], but I feel like the season has been good so far. We're all having a really fun time. Being back out on the field is great."
