

What does it mean to be a proud member of the Mean Moose family? Is it the **DIVERSE CULTURE** that we find ourselves surrounded by every day, or the **CLUBS THAT PROVIDE EACH STUDENT WITH THEIR OWN OPPORTUNITY** to be who they are? Is it the **RIVALRIES** that we have with other schools, or the **UNIQUE TEACHERS** that make our lives at Alamosa High School easier? Is it the **SCHOOL COLORS** that we are proud of during home sporting events or the **DIFFERENT MURALS** in our school that make us different than any other? Is it the **COMMUNITY OF STUDENTS** that has given us opportunity to stand together as one, or is it the **MOOSE LEGACY** that keeps us coming back? As Moose, we are prideful and bodacious about who we are and what we stand for. When we think about who we are as students at Alamosa High School, we see ourselves as young adults that are striving for more. We all thrive off of the people that we surround ourselves with every day. Whether you are a **FRESHMEN** that is learning the routes of high school life, a **SOPHOMORE** just trying to fight through the year of still being considered a lower class man, a **JUNIOR** becoming invested in the prospect of finally being a leader of the school, or a **SENIOR** that is just waiting anxiously for the day where you get to turn your tassel, we are all a part of the **MEAN MOOSE** family and we all know Alamosa is...

WE ARE THE BEST... A-H-S
