

LIGHTING UP THE SKY, fireworks are set off after the Powderpuff football championship game. ABBY KUHLMANN, ASSISTANT PRINCIPAL, played an integral part in the organization of planning homecoming events. "This was a night that was a longtime in the making! Two years ago, we wanted to do a Powderpuff game, but it got snowed out the first year and COVID'd out the second year. So watching it come together was really awesome. We estimate that about 1000 kids showed up to watch the end of the championship game and fireworks show," Kuhmann said. Photo by M. Davis.
