

# TOGETHER

we are

# CT

"CT has good spirit, every time there is an event going on almost everyone is participating and engaging."  
- Chase Titus (12)

**Crowned Royalty** As is tradition, homecoming royalty was crowned during the homecoming football game against Cherry Creek. "It was pretty cool being royalty. It was a fun experience that everyone came together," Finn O'Riley (12) said. O'Riley was recognized in front of the school.

**Stunting Hard** The boys poms team needed to practice and prepare for their big moment. "I thought it'd be fun especially since my boys were doing it with me," Brett Barber (12) said. Boys poms put on a great performance in front of the school.

**Dressing For The Game** Students showed school spirit, dressing up in themes for sporting events. "I'm always doing things to make sure I am part of the community and I'm supporting everyone in the school," Evan Gibbs (12) said. Gibbs dressed up and showed love at many events.

**Together**, we thrived during a global pandemic, paved the way for the future, and embraced our circumstance every step of the way. **We redefined** what normal meant to us and to our community.

**Team Pics** The girls varsity softball team posed for a picture before the team parade during the homecoming assembly. "It was nice to get out, take masks off, and smile with everyone again," Jenna Medhus (12) said. The team smiled and celebrated each other at the assembly.

**Defending The Den** During the varsity football season, the Cougars defended their home field. "I show up for my friends and show my support, during games I always get involved and rowdy. I wear a ton of CT gear," Nate Jackson (11) said. Football could feel the energy that radiated from the crowd.

**Riding The Wave** Students came together to celebrate sporting events with specific cheers and movements. "I think school spirit helps people get involved in all of the school events and brings them out of their comfort zones," Olivia Semple (12) said. As cheer led the crowd in chants the team felt all of the support.

**Our Place** Some memories and events outlasted time, especially for Taylor May (12). "My favorite memory from CT was my freshmen year when we did the Big Fish play," May said. The sense of community outlasted any negative experiences for May, as she only remembered the good.

**We found ourselves** through the company of our friends and teachers. **We laughed** hard, chanted loud, and showed up to support our school and our friends.

**We expanded** our community, reaching out to the next generation to inspire and excite.

**Through** mask mandates, COVID-19 exposures, social distancing, and quarantine, we never forgot to smile.

**At CT**, we were trend breakers, we were timeless memories, we were joy and we were heartbreak.

**The Cougar spirit** outlasted and overcame the struggle, celebrating and making the most of our time together as Cherokee Trail.
