Kickin' It or Kicked Out? Fighting hard against Machebeuf, the boys soccer team won 3-0 in a great game the Thursday before Homecoming. Students showed up to support the team and cheered on the boys with intensity, but that didn't come without problems. A couple seniors got the entire student section kicked out with 20 minutes left in the game. **Ben Schwartz** was one of those seniors. "Me and the other team's goalie almost fought because he couldn't handle smack talk," he explained. So when the goalie started walking out of the goal, the referee was on the move. "I'd never seen a ref move so quickly in my life," laughed **Alexandra Walker**.

Ejected!

SPIRIT WEEK

Dressing up as *Grogu* from the new television show *The Mandalorian*, **Diego Saenz** was comfy on PJ Day.

John Sanborn, Caden Fullerton, and Payton Stevens show their spirit with their cowboy getup.

Eden Woodward and Elise Lien showed spirit for their school on College Day.

Juniors had fun being extra tacky for Tacky Tourist Day, going all out with many colors and patterns.

Seniors finished their Spirit Week with togas on White-Out Day, matching the Roman theme.

From the seniors creating one massive volleyball team to the juniors delivering a crushing victory, Peach Fuzz was full of surprises. During one of the first games, **Evan Mills** hyped up his team and **Jeremiah Davis** was shocked by an excellent play he made. **Caden Fullerton** found the final game to be a blast and shared, "There was just more high energy because you have everyone on the side cheering for you," and further explained, "we were good because we had a bunch of us who could jump high and block up front." He reminisced on the end of the game fondly: "We were all going into our own little huddle like, 'yay, we did it!' and then everyone else starts coming around and it's just loud and complete chaos but also fun and high energy." Following the juniors' win, students rushed the court and celebrated the team.
