## 1060 Homecoming

My Liege. Waiting for the royals to be announced, emotions run high amongst the nominated students. "I did not think we were going to get nominated, I was very surprised," Sydney Spitz reminisced. When Sydney and her co-royalty, **Evan Shanks** won, Sydney noted, "Once the dance happened I kind of blocked everyone else out." Evan reflected, "It was a little weird with everyone watching and it felt like it lasted, but after I realized it didn't matter what everyone else thought, I got lost in the moment and just had a blast. I wanted that moment to last forever."

Dance as the Romans Dance! Full with excitement, the dance floor is crowded with students making many memories. Students such as Jessie Schaffer spent time with her friends dancing and enjoying the music. Also on the dance floor was Hudson Subach, a sophomore who not only participated in his first Homecoming that night, but had a remarkable experience. Hudson was lifted above the crowd twice and crowd surfed over the screaming students. Hudson shared, "I was surprised but also excited; everyone was cheering!"

## A Whole New World

A Dazzling Place I Never Knew. "I'm a sophomore so last year I didn't get one so it was my first Homecoming," Shaelee Torres recalled. Like Shaelee, all sophomores and freshmen attended their first high school dance at the Roman-themed event. Sophie Trojanowski, who is a freshman, found that her first dance lived up to her expectations. "It was so exciting, the atmosphere that was created was magical. It was truly such a joyful experience."

Homecoming is a great way to reconnect with friends and have an outlet. Samantha **Duncan** recalled, "I enjoyed dancing and screaming to songs with my friends. It was very freeing!" Daniella Jaramillo and Tatum **Boyles** also spent meaningful time with their friends. Isabella Villegas-Sisneros had a great time singing and dancing.
