TRIM LINE TRIM LINE

Throughout this year, Regis has had five choirs and three instrumental groups proudly representing our school. These students work incredibly hard for the shows they perform at, and their dedication is shown through the music they sing and play.

Instrumental director Ms. Julie Bruchs has been at Regis since November of 2021, and previously directed at Douglas County for six years. "We have a lot of really hardworking and talented students, strong leaders, and students that are focused and excited about music," she said.

Choir director of Boys Chorus, Girls Chorus, Chorale, Canta Belles, and Vox Lucis, Mr. Bernie Sauer, says, "Music should be shared. It's never really about the music, but about the joy of singing together. The accomplishment of appreciating music is all we really need."

Director of Jazz, Advanced Jazz, and Concert Band, Mr. Chet Aliga, says, "It takes a lot of collaboration to make something together. The unique thing with music is you can play the same piece of music multiple times but with different people it's always a different experience."

ON THE RISERS

Along with performances and shows, our talented choirs, bands, and orchestra put in the work during rehearsals and classes. It is more than an elective—it is a family.
