all in all | After having a successful season, Benjamin Ayala and his team advanced to the championship game. The game was unsettling and ended in a loss, but Ben said, "I think we did play very well and it was very fun." When the season came to a close, he thought he did well, but not necessarily his best all together.

in the now | After working extremely hard through the meticulous soccer season, the team's season ended in an upsetting loss to Stargate. Gunnar Nygren commented, "I live in the present, not the past." He's not letting the loss dictate his soccer career.
