home away from HOME

A look into the ESL classroom and what students learn.

Activities for all. Working on a grammar activity, **Andrea Nuñez '24** follows along with her teacher. Nuñez works hard on all class activities. "We play games, we do work and we read," Nuñez said. *photo by: jasmine jamison*

Getting the giggles. **Adiba Safizada '23** laughs with her classmates while doing school work. Safizada's first language is Dari and she enjoys reading. "I [read] a book in ESL and the name of it is Smile," Safizada said. *photo donated by: ms. alexis bailey*

Community wide. **Edy Niz Lopez '23** finishes up his class work. Niz Lopez uses what he learns in class outside of school. "I use English at stores and work," Niz Lopez said. *photo by: jasmine jamison*

Flying by. **Jezebel Daniela Aguilera Perez '26** jokes around with her classmates while doing an activity. Learning a new language can be difficult for many, but Aguilera feels differently. "Speaking [English] is easy," Aguilera said. *photo by: jasmine jamison*

Zoned in. **Diego Lopez Padilla '24** completes his warm up sheet at the start of class. Lopez Padilla believes reading and listening in English have become easier for him. "When I hear other people [speak English] I can understand," Lopez said. *photo by: jasmine jamison*
