Electives

DIGITAL DESIGN was making Mouse Pads to go on the desks. They did a project that would spell out their names with things they love.

SPANISH CLASS was making Quesadillas to have a fun end to third quarter and to have a nice way to start spring break.

MAKING PLAY-DOH

The CFS class made play-Doh to learn how to cut things and to further their baking skills.

HOW THEY MADE PLAY-DOH

They did a mix of Flour, Warm Water, Vegetable Oil, Cream of Tartar, and salt to make play-Doh and they used food coloring to make it their own.

ONE OF THE HARDEST THINGS YOU HAVE TO LEARN IN CFS learning how to cut things is really hard for most people and that is why the play-Doh was such an important thing in CFS.

Work Day

CFS learning how to make play-Doh for the first time.

- 1. Band is getting ready for their spring concert. Doing their best to get ready to perform in front of friends and family.
- 2. PRACTICE MAKES PERFECT Band is learning some new music to wow the crowd at the concert.
- 3. INACTIVE TECHNOLOGY They were making storage bins to put all of their supplies in for their future projects.
- 4. INACTIVE TECHNOLOGY Ada Miller (7) Said "Making the shoe boxes helped me with organizing the projects."
- 5. ART REUSES Art was making tree houses for a sanctuary, Ms. Baker thought that it would be good having her student think about there a safe place is.
