

seniors

ROWING BOATS: During her final Showdown, Kiana Woodds 2 3 participates in a new event. Woodd laid on a table as other seniors rolled her across the gym floor. I enjoyed Showdown this year. Its was a lot more fun. I also enjoyed cheering everybody on in the stands an, participating in one of the events, Wood said. **SCREAMING SENIOR:** Thomas Young 2 3 cheers as his classmates compete. Young and the rest of the seniors had an indoor Showdown for their final year, after it had been moved outside for two years. Showdown is always cool because you get to see your entire class work together. It was special this year because I got to see how the class of 2023 grew in the past four years, Young said. **PURE JOY:** As shes on deck for an event, Melana Pszanka 2 3 cheers for her classmates. Pszanka participated in multiple events for her final Showdown. Participating in Showdown is probably the most fun thing in high school to be part of, Pszanka said. **PULLING POWER:** As the seniors were struggling, Peyton Walker 2 3 screams during tug of war. The seniors lost to the juniors in this event, but still won overall. Its definitely what you make of it and being in events is what made it for me. Everyone should participate in Showdown somehow. Youre only in high school once so everyone should take on every experience they can, Walker said.
