Ringari (Ringi) Muyambo (7th, Polar) and Karter Allen (7th, Glacier) have been best friends since 6th grade. Allen states, "We met one day when we were washing our hands in the bathroom and I thought he looked cool so I asked for his number." Ringi and Karter's bond has grown so much since then and they have made so many fun memories together. Muyambo describes Allen as "funny, nice, super cool. I love Karter because he's the best." Together, Allen and Muyambo enjoy, "going to the Rec together to play basketball, playing video games, and hanging out at each other's houses," says Allen. "A really funny time that happened with Karter is when we were messing with his sister on the trampoline with a ball and he fell and hit his face." Myambo states. Muyambo and Allen play football together on the Raptors team. (Story by Bailey McClintock)
