

spending my
TIME
doing what I
love

by S. Cao

From scuba diving in Grand Cayman to crocheting ducks at home, students and staff take on many different hobbies.

"I first learned scuba diving 30 years ago so that I could dive with my parents. It is relaxing for me to hover above the ocean floor. I enjoy seeing the colors of the coral and the different animals in the ocean."

Jed Palmer, staff

"I have danced for 8 years and I dance for Dual Star Academy. I chose dancing because I hated gymnastics and I really enjoyed dancing. My studio does 3 competitions and 1 recital."

Audrey Kleen, 08

"I have been doing karate for 4 years and I am a green-brown belt. I chose to do karate because I have always loved the intensity. I learned to do the nunchucks, bo-staff and sword."

Janani Janavarthana, 08

"I enjoy going hunting with my family because it's a bonding moment and I'm pretty close with my dad and it brings us even closer."

Michael Porter, 08

"I really enjoy crocheting because it helps me de-stress and I always end up with a cute result!"
