

THE TIME IS NOW

We do not have nearly as many luxuries or amusements as students that live in the city, but what we do have is a vast amount of creativity and fun that may throw some people off. Many ask why students at AHS do the things that we do, and the best explanation there is, is simply
“WE CAN’T DESCRIBE IT.”

Lacking in numbers does not impact the lack of communal support. The driving force behind AHS is the love within the community. Continual support from county line to county line creates opportunities for students to thrive and flourish in the Alamosa School District. **THE TIGHT-KNIT COMMUNITY**, brings about a prideful sense of belonging.
