Nicole and Eddie Valdez

"Jace, Our proudest moment in your football career? So many years, so many fond memories! We are most proud of you for never giving up! When kids ditched practice in middle school, you did the right thing and showed up. When coaches looked past you for your size, you showed up anyway. When you had to get up and go lift weights and head to tough practices knowing that you weren't ready to be a starter or sometimes were being passed over, you showed up anyway. When your senior season got here and you found out you'd be starting both ways we were so happy for you but mostly we were proud because through all the hard times you just showed up! We know your future will be bright because you always show up!"

Kade Jones

"My biggest supporter would be both of my parents because they have been there for us no matter what they are always there for us."

Kasey Jones

"My parents are my biggest supports because they have been there to support us through everything and been to every game"

Cheri Jones

The greatest memories I have of Kade and Kasey playing football together is the sound and sites of the Jones to Jones connection throughout their high school career. I will forever hear and see those awesome moments of them playing catch together, whether it was in the AHS stadium or in our backyard. Going to miss this!!
