## Innovation of the Blue Knights

### Fly Tying

"I have been fishing since I about about nine. My favorite part about fishing is getting to be alone in fresh air. I really like to fish with my dad. The big influence that I had when I started fishing is my next door Neighbor. She would bring home huge fish and I wanted to be like her. My favorite kind of fishing is fly fishing. The biggest fish I have caught is a 14 inch trout." Jonathan Cowan (8) Said.

### Art Experience

"I chose art experience because it is one of the hobbies I like." Lucas Cruz Arrazola (8) once said. His favorite part about art experience is the projects, this is because they force him to be more creative. "It is also really fun." Lucas says.

"I did art experience in my 7th year and I wanted to try it again." Rebecca Peters (8) says. She believes it is a chill class and is easy to enjoy. "It is just generally fun to do art." Rebecca stated.

## Crime Scene Investigation

Sami Draper (8) is in CSI Innov8. "It is really fun, we get to learn a lot about how the FBI works, we do a lot of fun things like labs, word searches, and podcasts." She said. Sami believes it is a super fun class where you get to be out of your comfort zone. They get to do escape rooms, "We even had many guest speakers from FBI organizations come to talk to us, all of it was just really fun." Says Sami Draper

## Origami

"I really like the creativity that origami brings, and how much stuff you can do with a piece of paper." Olive Gatewood (7) said. She thinks it is amazing how you can make the largest things out of a tiny piece of paper. "I wanted to learn more about what it is. Origami interested me because of how many different things you are able to create." Olive says.

"I signed up for origami because it is a cool and interactive experience. I like that I got to try something new." Gabriela McCrea (8)
