Los Cabos Puro Peru

Zoe Emiras
is an Ethiopian student who enjoys time with her friends and exploring the different cultures in our community. Her favorite Ethiopian restaurant in the Aurora area is Nile.

"In my culture food brings people together. A meal is never eaten alone and is considered a social gathering. It's a time of sharing and enjoying not only the food everyone has made but each other's presences."

Mathilde Goudy

Hong Kong Station

"Ramadan teaches us discipline and strength towards our culture. We take pride in our dinners, Iftar, because we cook so much of our own cultural foods. It helps us stay connected and its rewarding at the end of the day and brings us closer to each other."

Hana Ali

"I think you have to go in open minded just because it is going to be different than American food."

Mrs. Karen Slusher
