

# FUN & GAMES

What is your favorite game to play in PE?

“I like to play volleyball in gym because it is my hobby and its fun.”

- Kate Whalen, 06

“I like Nitroball. I had never tried the sport before. It’s fun to try something new,”

- Cohen Hall, 06

“I liked it when we did the soccer unit. You have to depend on everyone else too. You can’t really do it by yourself.”

- Lily Patterson, 06

**FLUSH EM** Taking his turn in the chair, Mr. Hamilton, 6th grade social studies, has a little fun with a water gun. Students earned the right to try to “flush” teachers if they sold magazines for the school fundraiser.

**HIT IT UP** After he just reached the center and became the king of the 9-square, Marlon Romero Rivera, 06, bumps the ball into his opponents square to start the game. Photo by Ian Lovett

**SLAY THE DRAGONS** Playing Dungeons and Dragons, students strategize for the next move. Students started the club in February. Photo by Augusta Ramp

**SERVES UP** Setting the ball up to serve, Zoe VanderWal, 06, gets ready to start the game during 6th grade volleyball practice in the fall.

## WORDS OF INSPIRATION

Have faith and never give up. People are there for you and support you in this.”

- Maia Tran, 07, after participating in a track event

# it's PLAYTIME

In and out of the classroom, games are a favorite way to learn, unwind for Falcons

Some people only get to see the smart, hard-working side of Euclid students, but they also have a fun playful side!

Gaming is part of Euclid – inside the classroom with games like tracker tag in PE and after school with clubs like Magic the Gathering.

For Porter Gill, 06, sports are his favorite activity for a change-up in his day.

“I like the sports; we play like nitroball. It feels like a break in my schedule when we play, he said”

Among many PE games Vida Chancy, 06, thinks

“Nine square is a fast-paced game that I find to be really fun.”

Along with the 9-square court in the gym there are two nitroball and badminton nets that kids were

using to volley back and forth.

Other than 9-square and nitroball there are many other games that are played throughout the year.

Joseph Lachance, 06, said his favorite game was dodgeball.

“Dodgeball is a team-based game where you can make more friends and have fun,” he said.

Outside of school several clubs focus on gaming offline and online.

“I chose to be the gaming club adviser because I play video games myself and wanted to give the opportunity to others. I like it because you can connect to people all around the world easily,” said Mr. Gavin Davis, Gaming Club adviser.
