“While there were many aspects of our documentary that could have been improved, I think that my partner and I did pretty well on the NHD project. Our passion about our project helped us approach the documentary in a detailed way. We took every piece of feedback very seriously, and I think that really aided us in the progression of our project.”

“I love to rock climb because my siblings rock climb too, and it’s a fun experience.

[I started rock climbing] because my siblings got a membership. I enjoy the heights and the challenges [it presents].”

OWEN TEMME '25 LANDS SPOT ON THE BOYS' VARSITY SOCCER TEAM AS A SOPHOMORE

A member of the boys' soccer team, Owen Temme '25 made the varsity team as a sophomore. Temme has been playing soccer since was a kid and continues to play both club and high school soccer.

“I started soccer around five years old and I started playing it because I watched it on TV with my dad,” Temme said. “It was an England team and my favorite player and I started watching him over and over and it got me into it. I just kept playing from there.”

The varsity soccer team went 10-6-1 this season and Temme assisted the team in getting to the playoffs.

“My whole team because we all work together to get what we want. Hopefully, we can get a state championship soon,” Temme said.

Temme has stayed motivated to play soccer

for over a decade. One of Temme's biggest motivations is himself and his own drive to improve himself.

“I want to get better and get as good as I can and just keep practicing so I can get better and better,” Temme said.

As a sophomore, Temme played on varsity full-time. Before this year, he had been brought up to varsity for specific games.

“This is my first full year on varsity, as a freshman I got pulled up for playoffs. This is my first full season on it,” Temme said.

Temme's favorite memory from soccer is one of the times that he scored when he was younger.

“I dribbled from our box all the way until the other half and I scored so I went through their whole team. It's what my favorite player did,”

Temme said.

PRETTY POSE: Looking at the camera, Owen Temme '25 stands for a head shot. Temme was a full-time varsity soccer player for his sophomore season. “It’s fun and we also have a bunch of team dinners,” Temme said. GAME

fives his teammates. Temme enjoyed being with his team throughout the season. “We have practices on Saturday and we’ll go to breakfast,” Temme said. SOCCER ON SHOULDERS: After a win, Owen Temme '25 sits on the shoulders of Brady Kuklenski '23. Temme was one of a few sophomores on the varsity team. “My favorite game was beating rock canyon,” Temme said. “They’ve beaten us previous years before.” RUNNING FOR THE BALL: In a game, Owen Temme '25 runs after a ball. Temme scored multiple goals throughout the season. “At first it’s really hard to get what you want. It’s not going to be easy,” Temme said.

TATUM ROGERS '26 EXPLAINS SHE ENJOYS VOLLEYBALL BECAUSE OF HER FRIENDSHIPS

she said

“I have been playing volleyball since third grade, so it has been about 8 years. I started because my mom had a friend that played volleyball and it looked really fun. [Also,] My dad played volleyball growing up so my parents got me into it. My favorite part about playing volleyball is probably the friendships you make during volleyball. My travel team is super close and tournaments are fun,” Rogers said.
