

## Been There, Dug That

Dyson Woodward  
—Section Editor—

As the second half of the 2023 Fall sports season was beginning, the Lady Moose looked to build off of their great start to the season.

The Mean Moose would look to have the same success for the rest of the year, with league play starting to begin.

9/8 Vs Pagosa Springs  
The Lady Moose would open up league play at home against the Pagosa Springs Pirates.

This is a game that Alamosa would look to dominate in to set a tone for the rest of their season.

The Lady Moose got off to a hot start to the game and did not ever slow down. Alamosa ended up winning 3-0, accomplishing their goals of dominating to start league play.

9/12 Vs Centauri

The Mean Moose would be back at home the following week, but this time would be facing their rivals, the Centauri Falcons. Alamosa once

again got off to a hot start, winning the first set 25-18. The Mean Moose would also win the second set with a score of 25-22. The third and fourth sets were won by the Falcons, with a score of 25-21 and 31-29.

Losing these two sets would never prove to bother the Lady Moose, as Alamosa would go on to win the fifth set with a score of 15-10.

Winning this game was a big time confidence booster for the Lady Moose, proving that they could battle with anyone from start to end.

9/22 At Cortez  
Alamosa would take a long weekend trip over Wolf Creek Pass to take on the Montezuma Cortez Panthers.

The Lady Moose went into this game with a lot of confidence, and would leave with even more. Alamosa easily swept the Panthers in this game 3-0.

9/23 At Bayfield

The Lady Moose would head back east to take on another small rival, the Bayfield Wolverines. Alamosa came out a little slow to start the game,

and would lose the first two sets 23-25 and 19-25.

Losing the first two sets proved to not bother the Lady Moose, as they would battle back to win the next three sets 25-22, 25-18, and 15-10.

Once again, the Lady Moose would prove to be a team that would never give up and would always fight to the final whistle, showing that it truly

isn't over until the final whistle is actually blown.

Junior Morgan Ortega was asked about what the team proved to themselves after battling back from being down 2-0 and said "we proved to ourselves that giving up is not an option. We showed that if we believe in ourselves until the final whistle, that we are a team that can go in and win any game at any time."

It really was a confidence booster for our team since we have been in some battles all season long."

Alamosa would look to continue with this attitude as the final parts of the season are right around the corner.

Alamosa will be looking to roll into regionals on November 4th, with the state tournament being the following week.
