# THE ADVENTURE THAT

# Awaits

6th-graders join Euclid with activities like WEB Day, volleyball

Excitement bubbles just before the start of school as 6th-grade students came to school early for WEB Day, a day that is completely focused on the newest Falcons.

8th-grade WEB leaders helped students learn their way around the school and how to navigate their schedule.

WEB leaders must make the new 6th graders feel like they have a

friend and know what to expect.

"We make the 6th graders feel welcome and include everyone," said Davis Reynolds, 08.

Soon after school started, 6th graders were able to join volleyball, the school musical, Student Council and other clubs.
