SINGING ALONG

CHOIR STUDENTS DISCUSS WHAT LEAD TO STARTING THEIR CHOIR JOURNEY

PHOTO BY EMERSON GOSLING

"I joined the program because my grandma would play the piano for me and it sparked a love for music in me. The best part about it as a whole is meeting all the people and working with other musicians to make amazing music together."

"I've always loved to sing and my grandpa played piano so it kind of just grew from there. The best thing about joining the program at Castle View is probably the friendships I have been able to make. They're just something really special I didn't think I would have gained out of this experience and I am super happy I joined."

PLAYING FOR KEEPS: Wyatt Blickenstaff '25 and Daniel Owens '27 play one of anime club's board games. Besides watching Anime. The club created and played their own board games. "One of our games is when you try to listen to music, pick the song, and try to choose a card for that," Blickenstaff said.

FINDING FRIENDS: Alexander Palamara '25 looks over his shoulder to his fellow club members. The club rotated which Anime they watched, although they often faced viewing issues. "That the school restricts the website we use to watch and we honestly need to get to them," Palamara said. EATING GOOD: Wyatt Blickenstaff '25 pauses eating ramen to look at the camera. The club made it a priority to eat traditional Japanese food, like ramen. "We eat a lot of and let our inner nerd out," Blickenstaff said.

“ ANIME CLUB IS JUST A PLACE TO LET YOUR INNER NERD OUT. IT'S A CHANCE TO HANG OUT AND GET COMFORTABLE AROUND OTHER PEOPLE. IT'S A COOL PLACE.”

ENGLISH ENGAGEMENT

SOPHOMORE ENGLISH STUDENTS DETAIL THE CURRICULUM OF THE CLASS
"The class as a whole is so much work. Right now we have three different projects at once, including a poster for our final in the class."
KATELYN BUCHANAN '26
"Compared to my other classes, English is one of my least favorites. I don't really like my teacher so it makes it less enjoyable."

MAJOR MATH MOMENTS

PHOTO BY EMERSON GOSLING

"THERE ARE REALLY GREAT PEOPLE IN THE CLASS AND MRS. COLLINS IS A GREAT TEACHER BUT ITS A REALLY HARD CLASS."
MORGAN MADSEN '24

WHAT IT'S LIKE TO TAKE AP CALCULUS

- “It's hard but rewarding.”
MOLLY ARNDT '24
- “Right now, we are learning a lot about derivatives and trig functions.”
EVAN WALLACE '25
- “I have always loved math. It's one of my favorite classes.”
MORGEN MADSEN '24
