EMPOWERING JOURNEYS, UNFORGETTABLE EXPERIENCES. OUTDOOR

Edge is a program where seniors take the edge freshmen class to a camp for three days to bond with others and create a community where everyone can live in the moment. The students get involved in several activities and it's all meant for the kids to get out of their comfort zone. Freshmen are able to stay in this program for their four years in high school, and can become a leader for

incoming freshmen once they reach their senior year.

"Outdoor edge is a very outgoing program because everything is a challenge by choice and challenges you to push your limits." Freshman Areli Ramos, said.

This community pushes you to communicate with people and to make the three days memorable.

Freshman Areli Ramos said, "You have to be outgoing if you want to see results from outdoor Edge."
