SENIOR SETH WHITEHEAD EXCEEDED THE RECORD OF POINTS IN A GAME, ORIGINALLY SET BY NBA PLAYER, DERRICK White.

"It was a fun night and I got to leave my name in the record books and do something that no one has done before," Whitehead said.

Seth's journey to beat this record started at a very young age. Many years and endless hours went into his successful and legendary last season.

"I have played basketball since I was four years old and once I saw the record I knew I could beat it. I spent a lot of hours in the gym shooting on the gun or by myself," Whitehead said.

Although Seth plans to take two years off for a mission, he plans to come back and play college basketball after. In his senior year, Seth has accomplished many things; however, beating an NBA player's record seems to be the highlight.

"It feels good to know that I'm better than an NBA player," Whitehead said.
