Learning to lead! Patrick Morris(8) took on the role of being in student council. Leading the school with a good attitude! His favorite part is when they get to plan things out. The only part he doesn't like is drawing. Being able to show off what they do is what makes him proud!

Double play! Evie Smith(8) Has been playing basketball and alto sax for a little bit now. She started to play basketball in preschool and alto sax in 6th grade. Doing the two things she loves is always fun!

Out of League Soccer! Isaiah Farnham(7) likes to play soccer with his friends in his free time. He has never actually played on a team but, he is getting good and teaching himself is what he does best!
