

On most days 4:05 can't come quick enough. Thankfully we have Friday off. After school, it feels like we stay in the parking lot **forever!** We just can't leave this place.

Off to 7 brews, I'll take a Georgia Peach energy, or whatever has some **caffiene.** Now I need a nap. Is it too late for one? I can squeeze one in before the 6 o'clock game.

Gosh homework seems never ending but I have to get a game of Fortnite in first. I don't know what time I'll go to sleep but we'll see **what's next.**
