The Eras Tour

Eaton's Version

Taylor Swift's Eras tour took the world by storm. There was an estimated 4.35 million tickets sold in her 60 show U.S leg. The Eras Tour took over Colorado on July 14th and 15th of 2023. Amongst the tour were several Eaton students attending. Taylor Swift performed a 3 and a half hour set consisting of songs from her 10 albums. At the tour, people dressed in their best Eras outfits to represent the tour. Bracelet trading played a big role in the tour as well as several people had bracelets up to their elbows.

1. Senior Kennedy Scudder (12) attends her 3rd Brook and The Bluff concert. Scudder said, "Brook and The Bluff is my favorite small band. Their concerts are the most fun because the venues are so small they interact with all the fans a lot more." Ever Vasquez (12) photographs G59 on the side of Red Rocks while seeing \$uicideboy\$ in concert. Julia Meagher photographs Noah Kahan while seeing him for the second time in concert.

CONCERT GOERS

Whether it's making music, listening to music, or attending a concert, music as a whole plays a large part to the students of Eaton. Music is a way for almost any person to be able to express themselves whether it's through making it or listening to it. Senior Aralee Rinebarger said, "Music is kind of like therapy in a way. It's hard to explain but listening to music is my favorite way to decompress after a long day." Rinebarger has seen Tim McGraw (pictured to left), Sam Hunt, Tyler Hubbard, Cody Johnson, Lee Brice, and Darius Rucker in concert. There's nothing like going to a live show and watching the lights dim right before your favorite artist comes out on stage. Concerts become memories that someone may hold with them for a lifetime.

SPOTIFY

WRAPPED

Each year, every Spotify user looks forward to their Spotify wrapped. Spotify tracks everything you listen to from music to podcasts from January 1st to October 31st. Releasing on December 1st, each user has the ability to look at all of their stats. The stats include minutes, artists, genres, top songs, and many more. It's a fun and exciting way to look back on what you have been listening to throughout the year along with your own personal music trends. Spotify Wrapped is also shareable so listeners are able to compare their music with their friends to see how similar and different their taste is.

MUSIC MAKER

DYLAN QUEEN

MUSICAL INSPIRATION

Senior Dylan Queen has been making music for three years and has been releasing it for about two years. Queen has had his music released on multiple platforms such as Spotify and Apple Music. He enjoys being able to make whatever music he likes. When asked about his music inspiration, Queen said, "I got the inspiration to start making music from my dad since he was on and off with guitar ever since about my age, but my inspiration to actually record my own songs comes from Mac DeMarco."
